**ATTENDEES**  
*Attending Board Members:* Rodney Braxton, Chairman; Susan Turner, Treasurer; Theodore Major, Secretary; Charles Landry  
*Also Attending:* Christopher Tyson, BBR CEO; Tara Titone, BBR COO; Tasha Saunders, BBR Grants Director; Rebekah Strickland, BBR Administrative Assistant; Heather LeBlanc, V. Graham (BBR CFO); Matthew Johnson, BBR Staff Attorney; Amanda Spain, Baker Donelson; Rev. Leo Cyrus, EBRCDE Advisory Board; Bryon Turner, EBRCDE Advisory Board; Timothy Boone, The Advocate; Councilwoman Wicker, EBR Metro Council District 10; Phillip LaFargue and Samantha Knotts, Emergent Method; Tyra Banks; Gavin Miller, Mica Architects

**CALL TO ORDER**  
RODNEY BRAXTON

**DISCUSSION**  
The meeting was called to order by Mr. Braxton at **9:14 AM**

**APPROVAL OF MINUTES**  
RODNEY BRAXTON

**DISCUSSION**  
The Board reviewed the minutes from the September 19, 2019 meeting. Mr. Major made a motion to approve the minutes, and Mr. Landry seconded the motion. The September 19, 2019 minutes were approved with no objection.

**FINANCIAL REPORT**  
HEATHER LEBLANC

**DISCUSSION**  
Mrs. LeBlanc presented the Board with the YTD Profit and Loss Actual vs. Budget, Program Statement of Activity, Cash Flow, and Monthly Cash Flow Projections for the period ended September 30, 2019. The Board took no objection. BBR will bring amended and draft 2020 budgets to the Board in November or December. BBR is currently preparing reimbursement requests for $700,000 to submit to the City-Parish before year-end. BBR expects $100,00 in reimbursements from the City this week.
## Strategic Planning Update

**Phillip Lafargue**

Mr. Tyson announced that BBR’s Branding consultant, DezinsInteractive is not ready to present an update on the logo and website development. BBR engaged Emergent Method to look internally at its strategic alignment and organizational design. Several meetings have been held with Mr. Tyson, Ms. Titone, Mrs. Saunders, and Ms. Spain in attendance. BBR is preparing to execute an additional agreement with Emergent Method for the development of a more expanded strategic plan and an annual report.

Mr. Lafargue presented on overview of the organization planning effort to date (see attached presentation) in an effort to help understand how to grow the BBR team, align the functions of the team, and to help to tell BBR’s story.

Mr. Lafargue stated the following priorities that were developed through the planning process: to develop and revitalize in disinvested areas, to drive economic impact through equitable investment, and to advance partnerships to build community-wide capacity. The performance metrics for each were also discussed, as well as BBR’s internal organizational structure with growth shown in three phases (see attached presentation). Mr. Lafargue explained that what is presented in 2020’s report will be 10 years of progress.

Mr. Lafargue welcomed Board input- and stated that the priorities will be finalized though the strategic planning process and pointed the Board to the functional mapping page in the presentation. Mr. Landry suggested that BBR take a look back to see what has been done well and what needs attention, and to focus on the people impacted.

Mr. Tyson said that as this continues to evolve, he will continue to check-in with the Board. In the next few months, BBR will solidify the strategic plan and formulate an annual report which will become part of an event annually.

## CEO Report

**Christopher Tyson**

### Ardendale/Choice Neighborhoods

Mr. Tyson announced that the $29.5M HUD CNI grant that was secured will result in over 500 units of housing at Ardendale and will include a YWCA Early Childhood Center. Mr. Tyson reported that since the last meeting, BBR has met with the Housing Authority and the team is preparing for a CNI grant “kick-off” team meeting next week. BBR’s priority is processing the necessary HUD-required environmental approvals to begin the development process. Mr. Tyson promised to keep the board updated following the kick-off meeting.

### Plank Road

Mr. Tyson announced that the master plan draft is currently being edited and a video is also being created to document the process. BBR is preparing for the Tuesday, November 5th Plank Road Master Plan Finale event which will be held at the Valdry Center for Philanthropy at Southern University beginning at 8:30AM. The meeting is open to the public, and announcements have been made on BBR’s social media platforms. The Mayor will also be in attendance. BBR has scheduled a workshop with the Planning Department, DPW, the Metropolitan Council, and other stakeholders to be held on Monday, October 28th at 5PM at the Planning Commission’s offices. On November 6th, Mr. Tyson will present to BRAF at a special projects meeting. Mr. Tyson asked the Board to please let him know if they would like him to present to any other groups.
Development Updates

Yesterday Mr. Tyson attended CAFA’s New Initiatives Committee meeting where he requested an extension of BBR’s line of credit from $300,000 to $875,000, which was approved by the Committee and will be voted on by the full board at tomorrow’s monthly CAFA Board meeting. The extension request is for two acquisitions: a property at the corner of Plank and Anna Street and a property at the corner of Plank and Weller Streets.

Both acquisitions are tied to the Plank Road master plan. The Plank/Anna property will complete BBR’s control of the east side of Plank Road between Anna and Weller. This property is under contract and BBR is working towards a quick close. The Plank/Weller property is on the west side of Plank Road between Mohican and Weller Streets. The Plank Road Master Plan has catalytic development proposals for both properties, which include a grocery-anchored mixed use development, affordable housing, and a site for the potential relocation of the Delmont Branch Library.

BR Future Visioning Project

Mr. Tyson announced that this week, BBR is hosting partners at Mica Architects, a London-based firm that has offered to perform pro-bono digital modeling and visioning services for a project: Vision 2030: Preparing for a Decade of Innovation and Change. Several meetings with various community stakeholders have been held this week. Mr. Tyson introduced the Mica architects team. Mr. Miller stated that he has enjoyed working with Mr. Tyson and the Emergent Method team to help envision the future of Baton Rouge. Mica Architects has 3-d modeled entire city, overlaid flood maps, and they are looking at the impacts of new technology on proposed future corridor developments.

Mr. Braxton extended his sincere appreciation to Mica Architects and looks forward to being able to take advantage of the information that they are creating for BBR.

New Market Tax Credits

Mr. Tyson said that BBR continues to develop the Allocation Application for the October 28th submission deadline. The pipeline projects that will be included in the application are currently being developed. BBR and consultants have held many interviews and talks with entities to collect ideas to shape the catalytic pipeline projects to be part of the application.

Administrative Matters

Mr. Tyson reported that, as the first step in implementing the new BBR brand, BBR’s new staff emails @buildbatonrouge.org are now live.

Mr. Tyson congratulated Mr. Johnson, BBR’s Staff Attorney, on becoming a recent member of the LA Bar Association.

ROOF RESET PROGRAM UPDATE

Mrs. Saunders presented a spreadsheet to the Board to accompany her update on the Roof Reset Program (see attached). A total of 540 applications have been processed. Three have been deemed ineligible due to being over HUD-designated income limits. The BBR grants team is currently working on 537 files.

Mrs. Saunders is working with MCRA to take on additional roofing projects for homes that have been part of MRCA’s housing rehabilitation program (these will be added in Phase 2). Mrs. Saunders said that projects have been ranging between $6,000-7,000 per home with the highest at $15,000. Mrs. Saunders will add dollar amounts to the spreadsheet. Ms. Banks asked if BBR has a DBE/WMBE goal. Mrs. Saunders said that priority is given, per City-Parish and HUD guidelines, and said that this information is asked for when registering as a Contractor through the City-Parish’s online portal.

Organizational Planning Overview and Strategic Planning Check-in

Build Baton Rouge
goals of this process

Understand peer best practices based on case study research

Develop top-level organizational priorities and performance metrics

Map out a future organizational structure

THIS ORGANIZATIONAL VISIONING WAS A CRITICAL PART OF AN ONGOING STRATEGIC PLANNING PROCESS AND TARGETED THE FOLLOWING OUTCOMES:
methodology

01 / Establish organizational planning committee

02 / Research best practices with successful organizations in comparable communities
   • Cincinnatti - The Port
   • Pittsburgh - URA
   • Portland - Prosper Portland

03 / Hold a series of collaborative organizational planning workshops with the committee
   • Functional inventory and sorting
   • Strategic priority and associated metrics development
   • Organizational chart brainstorming

04 / Establish strategic organizational framework
who are we?
MISSION
BRINGING PEOPLE AND RESOURCES TOGETHER TO PROMOTE EQUITABLE INVESTMENT, INNOVATIVE DEVELOPMENT, AND THRIVING COMMUNITIES ACROSS ALL OF BATON ROUGE.
A MORE VIBRANT BATON ROUGE FOR EVERYONE.
values

ACCOUNTABILITY
We approach our work with transparency and integrity to establish and uphold public trust.

EQUITY
We celebrate the successes of our city while recognizing its history and the need to expand access to the resources, opportunities, and influence necessary to live, work, and thrive.

COMMUNITY COLLABORATION
We prioritize community voice and participation to inform and guide our work.

INNOVATION
We embrace an entrepreneurial approach to community development and the transformation of the built environment.

INCLUSION
We promote authentic and empowered participation, where all people feel they are heard, respected, and belong.

SERVICE
We support partnerships, opportunities, and developments that build the leadership capacity of all members of our community.
what do we do?
priorities

Develop and revitalize disinvested areas
Drive economic impact through equitable investment
Advance partnerships to build community-wide capacity
develop and revitalize disinvested areas

We are dedicated to making all of Baton Rouge a great place to live and work. We create plans for growth and resiliency, leverage community assets, develop affordable housing and prevent displacement, reduce blight, and increase property values. These efforts ultimately stimulate development in areas that have experienced less investment and growth.

POTENTIAL PERFORMANCE METRICS

• Increased property value of a project site and surrounding areas
• Blight reduction and the return underperforming properties to productive use
• Number of community-focused projects in neighborhoods
• Total housing units created
• Affordable units created
• Façade renovations
• Properties bought and sold
• Community assets preserved and/or enhanced
• Comprehensive plan targets met
• Total dollars in development grant or public finance funding received
drive economic impact through equitable investment

We are invested in creating opportunities for every resident and neighborhood by working to retain jobs, provide business assistance, and reduce inequality. These efforts ultimately promote equitable economic growth.

POTENTIAL PERFORMANCE METRICS

• Total dollars in grant funding received
• Number of loans/grants distributed
• Creation of high-quality jobs that reduce income inequality
• Number of businesses assisted (e.g., startup loans)
• Façade renovations
• Neighborhood-level business communities served
• Policies that promote community development
advance partnerships to build community-wide capacity

We are committed to contributing, supporting, and sharing resources by identifying cross-organizational synergies, convening and advancing partnerships, and optimizing the deployment of local wealth. Through our work with a diverse array of local, regional, national, and global partners, we magnify our impact and ultimately enhance the city we love.

POTENTIAL PERFORMANCE METRICS

• Support of shared regional economic development goals
• Total dollars in grant funding received
• Number of loans/grants distributed
• Funds matched as a result of partnerships
• Partnerships that promote community development
• Number of successful partnerships
  - Public (state, local, federal)
  - Research/Policy
  - Private (for-profit, nonprofit)
  - P3
  - National/international studies
  - Neighborhood-level
how will we accomplish our goals?
Thank You

Program Managers are organizing files in the order submitted and verifying eligibility. The total applicants in each phase will fluctuate monthly as eligibility determinations are made.

Program Managers have made initial contact via letter with each Roof Reset applicant. Follow-Up communication will be made once applicants are determined eligible and placed in a Phase.
