### NEW MARKETS TAX CREDIT PROJECTS UPDATE

Ms. Kent presented an update on CDE activities. She discussed community outcome achievements, asset management and portfolio risk ratings, and stated that all projects of the EBRCDE will have unwound at the end of 2019. TAG has assisted BBR with the unwinds of each project. The Emerge Center will unwind on December 23, 2019. The following attachments provide further detail into what was presented to the Boards.

Ms. Kent explained that the “B” Portfolio Risk Ratings were initial risk ratings given at the time of project underwriting and closing and could change if borrowers were delinquent on loan payments. All loan payments have been on schedule. Mr. Braxton asked why Emerge is rated a “B”. Ms. Kent explained that the “B” rating for the Emerge Center was due to the debt ratio being higher at loan closing, as there was more money loaned to the project than collateral worth. Ms. Kent will send the Boards a criteria scoring sheet for the CDE’s.

Ms. Kent stated that 618 construction jobs were created and 234 permanent jobs were created. Mr. Turner asked how many of the 234 jobs are actual full-time positions. Ms. Kent explained that each full-time job created is based off of the number of hours worked to make a full-time job, so part time-jobs are included and combined to make full-time jobs based on hours. Ms. Kent will send the Board information on how many full-time jobs were actually created, breaking out the full and part-time jobs.
